AMENDED IN SENATE APRIL 8, 2015

SENATE BILL

No. 451

Introduced by Senator Lara

February 25, 2015

An act to amend Section 49600 of the Education Code, relating to pupil instruction and services.

LEGISLATIVE COUNSEL'S DIGEST

SB 451, as amended, Lara. Pupil instruction and services: educational counseling.

Existing law authorizes the governing board of a school district to provide a comprehensive educational counseling program for all pupils enrolled in the schools of the district, and, if the program is provided, requires educational counseling to include both academic counseling and career and vocational counseling in specified areas.

~~This bill would instead require educational counseling to include academic counseling in specified areas, and would provide that educational counseling may include specified areas, including, among others, career and vocational counseling. The bill would state the Legislature's intent that school counselors also perform specified other functions and services, and services to support pupil learning and achievement and would specify that educational counseling may also include counseling in specified other areas, including, but not limited to, individualized review of a pupil's career goals. The bill would require professional development related to career and vocational counseling to include strategies for counseling pupils in specified areas. The bill would make a conforming change by deleting a provision relating to school counselors providing services prior to January 1, 1987.~~

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
